

# Invitation to EASIAM 2018 in Tokyo

This is the first announcement of the coming EASIAM 2018. We welcome participants from all the areas in EASIAM territory for fruitful discussions.

## 1. Conference period and site

EASIAM 2018 will take place in **June 22 (Fri)-25(Mon), 2018**.

The conference site is in **the University of Tokyo**, Hongo campus, which locates at the heart of the vibrant Tokyo city. The site is one hour distance both from the two international airports (Narita/Haneda).

## 2. Conference schedule

This is still to be determined, but at this moment, we plan to begin with pre-registration and small reception in the late afternoon of June 22 (Fri), and end with the morning academic session on June 25 (Mon). We expect the banquet in the evening of June 24 (Sun). Thus we recommend a travel plan with the arrival on June 22 and departure on 25, for example.

## 3. Registration fee and deadlines

This is also to be determined. We expect that the registration fee remains at the same level as past EASIAMS, and the registration system will open in January of 2018. Please keep your eye on the conference web site below.

## 4. Accommodation

This is the main aim of distributing this announcement at this timing. Since, as you know, Tokyo is a highly crowded city with many tourists, accommodations should be reserved as early as possible. This time we do not offer any official hotels, but there are wide variety of accommodations in inner/outer Tokyo areas, ranging from extremely cheap options from 3,000yen to luxury hotels. **Please be advised to reserve your room immediately, NOW, if there is a possibility that you can come.** Most hotel rooms can be canceled without charges, if you properly do it some time before the stay.

## 5. Conference web site

Other information can be found at the conference web site

<http://sr3.t.u-tokyo.ac.jp/EASIAM2018/>

including travel information. See you in Tokyo in 2018!

Local organizing committee, Chair: Takayasu Matsuo (UTokyo)
